36B. Validation of adoption of rules before commencement of this Act

Every decision or direction of the Director of the Civil Aviation Authority of Vanuatu in relation to any incorporation or purported incorporation by reference of any New Zealand Aviation Rule part or parts prior to the commencement of this Act shall be as valid as it would have been if this Act had been in force at the time that the decision or direction was made and the decision or direction had been authorized under a rule duly made under the provisions of this Act.

(b) specifying where the rule is available for inspection free of charge and for purchase at a reasonable price.

(3) If for reasons of security the Minister considers it inappropriate to publish the rule, the Minister must notify in writing such persons as he or she considers appropriate in the circumstances and the rule applies only to the persons so notified.

(4) An ordinary rule comes into force:

(a) on the 28th day after the date of its publication in the Gazette; or

(b) on such later day as may be specified in the rule or under section 30(4); or

- (6) The Minister may, by notice in the Gazette, renew an emergency rule for a further period not exceeding 180 days from the date of the notification.
- (7) Before renewing an emergency rule under subsection (6), the Minister must consult with such persons, representative groups within the aviation industry or elsewhere, Government departments and State agencies as the Minister thinks appropriate.

(4) The Director must, by notice in the Gazette, specify the date on which any amendment to material incorporated by reference is to take effect.

(5) Any material incorporated by reference into a rule is taken for all purposes to form part of the rule.

41. Exemption power of Director

(1) The Director may, in consultation with the Minister, exempt any person, aircraft, aeronautical product, airport or aviation related service from any specified requirement in any ordinary rule, if he or she considers it appropriate and upon such conditions as he or she considers appropriate.

(2) Before granting an exemption, the Director must be satisfied in the circumstances of each case that:

(a) the requirement has been substantially complied with and that further compliance is unnecessary; or

(b) the prescribed requirements are clearly unreasonable or inappropriate in the particular case; or

(c) events have occurred that make the prescribed requirements unnecessary or inappropriate in the particular case;

(d) and that the risk to safety will not be significantly increased by the granting of the exemption.

(3) The Director must notify an exemption as soon as practicable in the Gazette.
